ANCRMEDIA™ WORKFLOW

DISTRIBUTE. WATCH. LISTEN. STREAM. CONNECT.

Media Presentation Layer of the ANCR™ Ecosystem

Prepared for: Tech Team

System: ANCRMEDIA™ (identity: ANCRID™)

Doc type: Module Workflow Specification

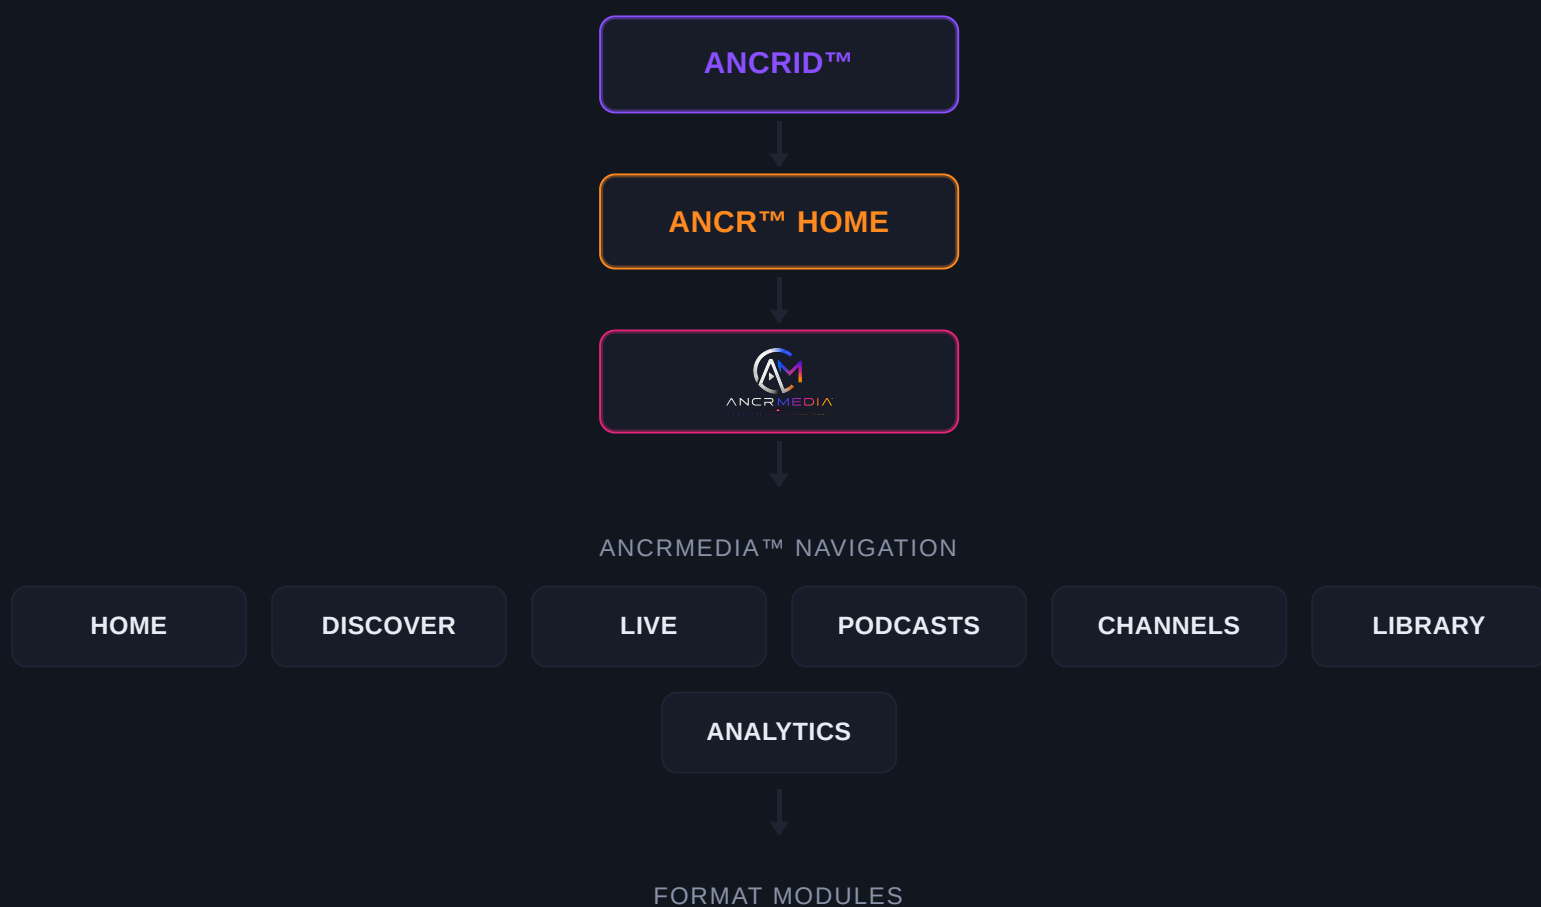

PRINCIPLE

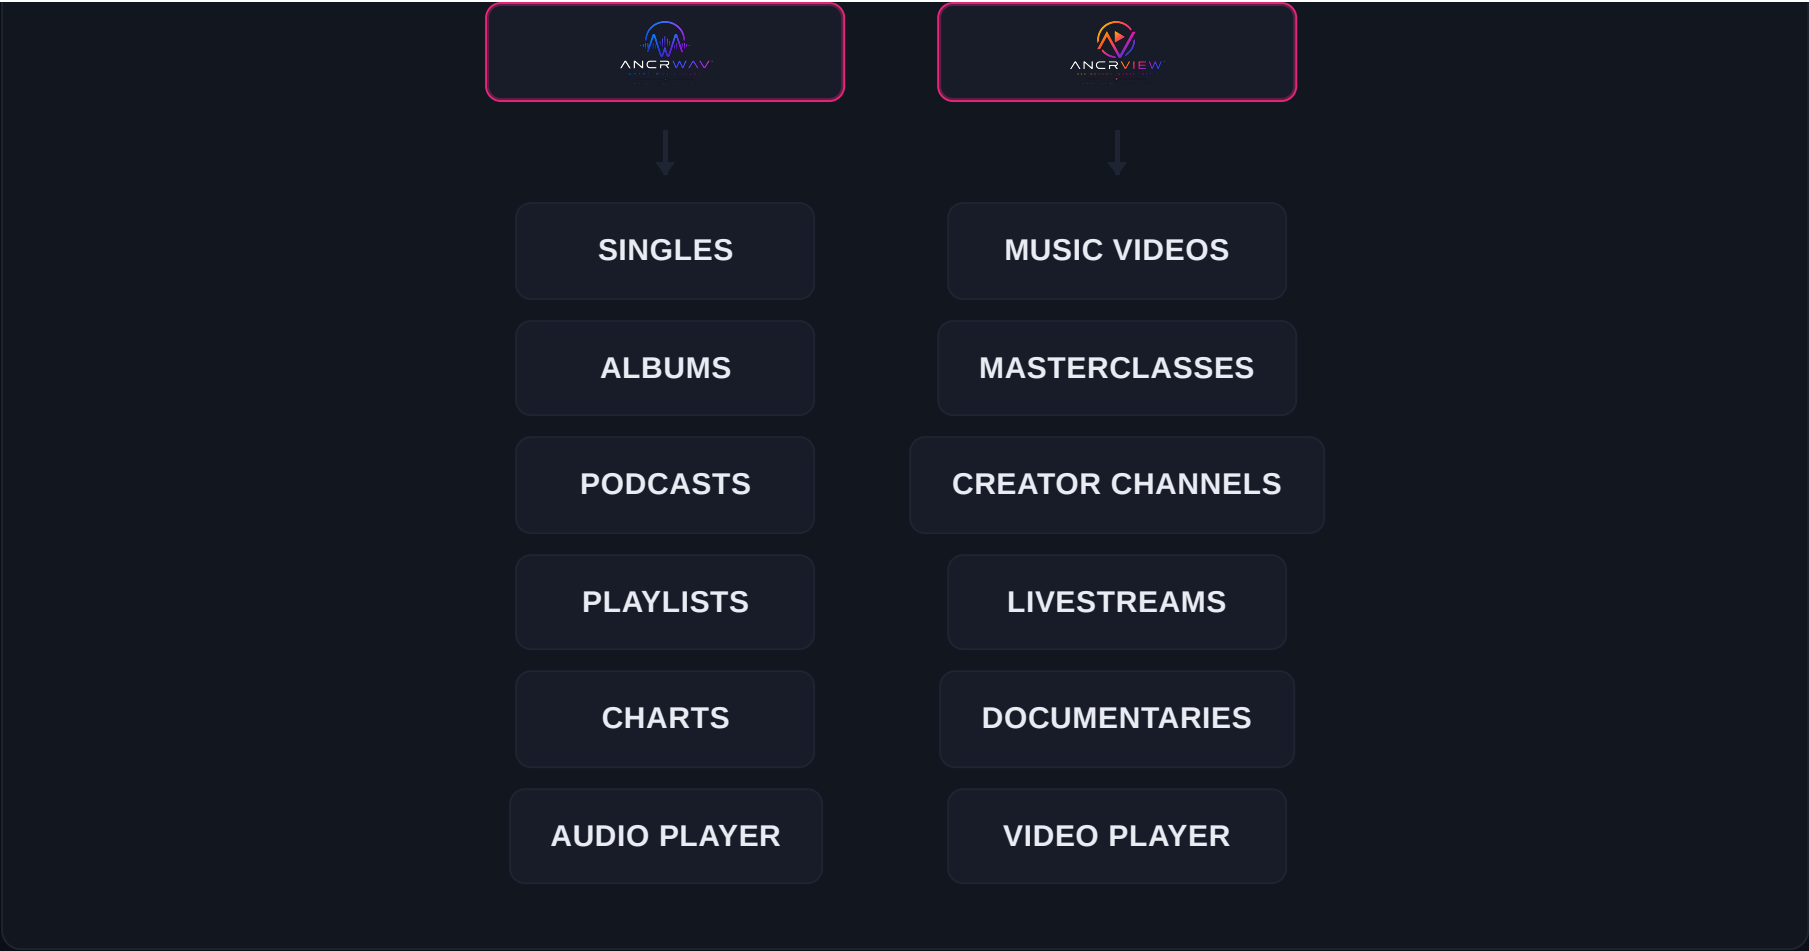

ANCRMEDIA™'s workflow does not start with a login. Per specification, ANCRMEDIA uses ANCRID™ exclusively and has no independent login — identity and permissions are inherited from ANCRID™.

ANCRMEDIA™ owns media presentation only. It consumes information from the rest of the ecosystem rather than duplicating it:

- Identity comes from ANCRID™
- Publishing comes from INHEIRA™
- Projects come from ANCRLAB™
- Collaboration comes from ANCRSYNC™
- Financial data comes from Vaulta™
- Networking comes from ANCRD™
- Career data comes from ANCRLAUNCH™

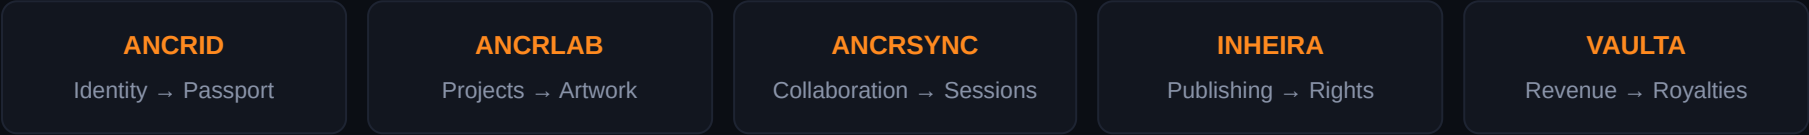

ANCRMEDIA™ WORKFLOW

CONNECTED ECOSYSTEM

ANCRMEDIA™ streams everything, sourced from across the ecosystem — no duplicate data, no duplicate identity, no duplicate publishing, no duplicate royalties. Only one seamless experience.

Creator sees **ONE** experience.

FORMAT MODULES
